

“THE THERAPEUTIC RELATIONSHIP”

DAPHNE CHELLOS, M.A., L.P.C.

- o Ethical Decision Making
- o Sexuality
- o Intimacy as related to massage
- o Transference and Counter transference
- o Boundaries
- o Communication Dynamics
- o Sexual situations

This workshop has been developed to support you as a massage therapist in the most practical ways. The success of your work is not only based on effective bodywork techniques, but on the ability to create a safe, ethical relationship. Seemingly simple communications can be fraught with confusion because of the physically intimate nature of massage. You will gain skills that are respectful and which will facilitate the healing nature of massage therapy.
